Thanks Pepe, I am scheduling this for the first available day once signed, still missing LAHSA, there are a couple of other authorizations that go along with this one to clean that entire area.

These need to be scheduled at the same time as 7th & Rose.

Here are some pictures of the encampment...Notice how it's impossible to walk down the sidewalk and people can't really park on this side of the street for fear of windshields getting bashed in...Trash everywhere etc...

Thank you for getting us on the schedule ASAP...

Dear Councilman Bonin,

I'm sure you take comfort in your moral high ground that we, your constituents, have no compassion and are heartless and that you are fighting the good fight for the rights of the homeless. Please listen to us – your social experiment of allowing a homeless encampment to form and continue to exist on a residential street, in front of homes with children who don't feel safe, with families who need to use the back door in a dark alley to enter their homes rather than their front door on the street, with young women who don't feel safe walking anywhere on our street outside at night, with residents who won't park their cars on the street for fear of being harassed or having their windows broken, IS NOT WORKING.

On our street, every single day and night, there is drug dealing and use, there are syringes, there are criminals operating a bike chop shop, there are fights and yelling and screaming at all hours, car windows are being smashed in our street, there is human waste in our street, there is trash in our street. Someone is going to get seriously injured or seriously sick from the unsafe and unsanitary conditions that you have openly allowed on our street. I would think that it will not be long before the health department is called onto our street and the human fecal matter and urination on our street will cause some issues with Whole Foods food deliveries in back.

Please keep this in mind – most of us on 7th ave have lived in Venice for many years. We have seen it all. We have lived with the homeless all those years and have tried to give a helping hand whenever we could. But this is different. The people living on our street now are a threat to us.

Please do your job – which can be both keeping a residential street that your constituents live on safe and sanitary AND implement a temporary solution for the homeless that provides them shelter and restrooms on city owned land.

Sincerely,

Jared Levy

Dear Council Member Bonin,

Re:Violent Permanent Encampment on 7th Ave. North of Rose Ave. - Residential Street

I'm not sure if you have heard that over the weekend several windshields were bashed in on 7th Ave. and there have been arrests at the bike stealing ring that is set up on our sidewalk

but that continues to operate.

The encampment on our street remains thriving and unchecked and now this morning more fighting in the street waking up residents...There is constant open drug use....We can't take much more of this...

We can't have an encampment like this so close to a residential usage...We can't live like this any longer. Please consider being woken up most every night by fighting and screaming and being scared to walk out your front door and unable to park on your street...Please check police records and you will see what has been happening...

Please stop ignoring our calls for help and looking the other way and help us resolve this situation...

It must be implemented immediately that an encampment can't set up with-in 500 feet of residences.

We too have rights as citizens to be kept safe and able to sleep at night and walk down our sidewalk without fear but this has been completely overlooked...

Sleeping on the street at night is one thing and we all have big hearts and it would be great if this is what was actually happening...Tents with people sleeping between

Good Morning,

I wanted to give an update to the 7th Ave N/O Rose Community.

Yesterday, our HOPE Unit spent time on 7th Ave, they are able to address Bulky Item and any items people are willing to dispose of, along with Outreach Resources. This will be helpful, while the location is going through the Protocol's for a posted scheduled clean up by Sanitation. I checked on the location this morning and there are 13 Individual Tents at this time, one tent was not in compliance for the 36 Inch rule, however they complied immediately once I spoke to the individual.

I wanted to remind the group on this thread, that during the event that it is raining or under 50 Degrees, they are allowed by law to keep there tents up, therefore Law Enforcement does not enforce the 6 AM to 9 PM part of the law.

Thank you again for the pictures and updates!
